Applicants who do not match the photo on their driver's license or do not have the proper documents, cannot complete an inspection. Failing inspections can only be remedied by the same shop on the same day. If an applicant fails the inspection and is unable to fix the issues on the spot, a new appointment must be made, and a new inspection form must be used.

This inspection form reflects a 19 point inspection only on the date of the inspection listed above. For purposes of this inspection, the wheels were not removed from the vehicle, and the vehicle was not put on a lift, nor was it checked for emissions.
